

REPUBLICANS CLAIM HOUSE BY 7 OR 9

Late Reports to Committee Indicate Safe Majority of Representatives.

RETURNS SHIFT WIDELY

Gains in Delaware, Kansas, Michigan, Louisiana and New Jersey.

WASHINGTON, Nov. 11.—Reports that have come to Chairman Woods of the Republican Congressional committee today furnished the basis for a claim that the Republicans would have a majority of at least seven in the next House of Representatives and probably would lead by nine.

The gains claimed for the Republicans in the late reports are the reelection of Miller in Delaware, whose defeat was conceded earlier; election of Little in the Second Kansas, defeating Targart, Democrat, the present member, and giving the Republicans three in Kansas; the reelection of Martin, "protectionist," in Louisiana, now said to be definitely secured; the defeat of Beakes in the Second district of Michigan, leaving the Democrats but one member in that State; the reelection of the Republicans in Montana; a gain of one doubtful district in New Jersey, and gains in New York.

In Chairman Woods does not count in his estimates the Republican in the Fourth Illinois, but concedes that district to the Democrats; nor does he lay claim to the Thirty-second Pennsylvania, where Representative Barnefeld, the present member, is within a few votes of success. His friends are looking to the official count to bring him out winner. He claims the election of Rowland, Republican, in the Twenty-first Pennsylvania; of Britt, Republican, in the Twenty-second Pennsylvania; of the Republican, over Scully in the Third of New Jersey.

PERKINS RAPS OTIS.

Calls the Attack on Gov. Johnson Contemptible Business.

George W. Perkins went to the defense of Gov. Johnson of California yesterday as a result of the charge of treachery made against the latter by Harrison Gray Otis of California. Gen. Otis in a telegram printed in yesterday's Sun, accused Johnson of treachery in order to secure his own election at the expense of Mr. Hughes. Mr. Perkins said:

"The attack on Gov. Johnson and Mr. Rowell is made by the same element in California that stirred up so much trouble at the time Mr. Hughes made his trip to California. They are evidently trying to shift the blame for the result on the only men in the State who have done everything possible from the very beginning to bring success to the national ticket. It is about as contemptible a piece of business as the campaign has developed."

Chairman Willcox, Frank H. Hitchcock and other Republicans here did not take any stock in the charges against Johnson.

NO ELECTORAL SPLIT.

Only 454 Votes Difference in California Democratic Poll.

LOS ANGELES, Cal., Nov. 11.—A difference of only 454 votes was found today between the highest and lowest of the Democratic electors in the semi-official count conducted by the register of voters.

Election officials expressed the opinion these figures made it seem unlikely that the official count would result in splitting California's electoral vote.

Unofficial returns show both anti-labor amendments decisively beaten, although managers of the dry campaign refuse to concede this as yet.

HUGHES GAIN IN SOLDIER VOTE.

His Plurality in the State of Minnesota Now 248.

ST. PAUL, Minn., Nov. 11.—Charles Evans Hughes's plurality in Minnesota was slightly increased today when the first results of the Minnesota guard-house vote were announced.

The vote in the First Infantry Regiment was: Ramsey county soldiers, Wilson 173, Hughes 118; Hennepin county soldiers, Wilson 248, Hughes 232.

In addition at this figure Secretary of State Bean announced he included in the Wilson total 289 votes cast for him in Ward 2, Dover, but omitted through error from the returns the vote cast by accepting as probably correct the newspaper returns from Dorchester, the missing precinct, which had not reported officially.

16,700,000 VOTES CAST.

Of This Total President Wilson Got 8,563,713.

According to the latest estimates, based upon incomplete returns, 16,700,000 votes were cast for the Republican and Democratic Presidential electors last Tuesday. Both candidates received more votes than were ever cast before. Mr. Hughes getting more than the Taft and Roosevelt combined vote four years ago. The increase is largely accounted for by the vote of the women this year.

President Wilson, according to these figures, got a total of 8,563,713. Mr. Hughes 8,160,401, a plurality for the President of 403,312.

INCOME OF FRANCE GROWS.

Government Receipts Show Gain of \$17,000,000 for October.

PARIS, Nov. 11.—The receipts of the French Government in October were \$17,000,000 francs (\$17,000,000) in excess of those of October, 1915, bringing up the gain for the first ten months of the year to more than 400,000,000 francs (\$400,000,000). Custom duties in October netted 77,000,000 francs (\$15,400,000) above the average for normal years.

Indirect taxes were less than 1,000,000 francs (\$200,000) below the normal and nearly 8,000,000 francs (\$1,600,000) more than last year.

MAYOR CURLEY WANTS EMBARGO PUT ON FOOD

He Sends Letter to Wilson Asking Him to Convene Congress.

Boston, Nov. 11.—Mayor James M. Curley sent a letter to President Wilson today asking him to convene Congress and submit a recommendation that a law be enacted putting an embargo on food products as a step toward reducing the cost of living. "The Mayor included in his letter a table giving the increase in food prices within the past year, which, he said, showed that wages would have to advance 100 per cent. in order to keep pace with the rise in cost of necessities of life."

Mr. Curley pointed out that while investigations were under way to ascertain the reason for the present prices there was no way of knowing how long these investigations might continue. "There is, however, an absolute certainty," he added, "that every day the condition continues the pinch of want and spectre of starvation become more visible realities to the American people."

Mayor Curley asserted that an embargo would destroy "contractual obligations" and "contractual obligations with warring Powers."

ASK FOOD COST INQUIRY.

Ohio Miners Call on Wilson for Federal Investigation.

COLUMBUS, Ohio, Nov. 11.—The executive board of the United Mine Workers of Ohio, representing 50,000 men, sent today to President Wilson and Gov. Willis of Ohio a copy of a resolution demanding that the various branches of the State and Federal Governments conduct an investigation of the high cost of living.

"We believe," say the miners in their resolution, "that the high cost of living is occasioned by unfair and illegal speculation in foodstuffs and other necessities, thereby causing hunger and distress in families where the bread winner is steadily employed."

The resolution is signed by John Moore, president; Lee Hall, vice-president, and G. W. Savage, secretary and executive board members of the Ohio miners organization.

EUROPE SEES PROOF OF PACIFISM HERE

Newspapers Take Wilson Victory as Demonstration Against War.

BERLIN, via London, Nov. 11.—Important German newspapers, including the *Koelnische Zeitung*, declare with satisfaction that President Wilson's reelection has been due to the pacific temper of the American people. The *Koelnische Volkszeitung* expresses the belief that the neutrality of the United States now will be better secured than before election.

The *Koelnische Zeitung*, however, insists the election has taught President Wilson a good lesson for, it asserts, it was not a victory for the Wilson who was belligerent against Germany and "the obedient servant of England," but the Wilson who boasted he maintained peace and vowed to continue to do so in the future.

PARIS IS PLEASED.

Papers Say Wilson's Policy Will Become Firmer Now.

PARIS, Nov. 11.—The French newspapers, while printing the news of the American election as a prominent position, express little opinion as to the result. What comment there is is sympathetic to President Wilson.

The *Petit Journal* says: "Evidently an immense majority of the electorate pronounced against war, but apart from the millions of voters who approved the vigor with which the President forced the Germans to code on the submarine war question, other millions voted for Hughes because he demanded an even firmer defence of American rights."

The *Matin* and the *Petit Parisien* express the same view. The latter paper concludes: "It is because he played a very honorable role in a moment of a

grave crisis that the American people have renewed their mandate to President Wilson. It is possible that his policy will now become firmer and clearer, that, profiting by experience, he will aspire to play a larger role and to rise up to a more determined champion of the law of nations."

WILSON ON TRIAL.

Manchester "Guardian" Says Progressives Will Be on Watch.

LONDON, Nov. 11.—The English newspapers express the conviction that a more vigorous foreign policy may be expected from Washington now that the election is over.

The *Globe*, expressing the opinion that the war, which is the "only real issue before any body of civilized men," hardly entered into the Presidential contest, says: "The mass of the American people ask for nothing more than peace at almost any price with the liberty to gather wealth." Still, the *Globe* says, the result has importance for the belligerents and for President Wilson, adding: "No longer preoccupied with thoughts of votes, it would not be surprising if his attitude toward foreign affairs underwent an immediate stiffening."

The Manchester *Guardian* attributes President Wilson's success to the rallying of a sufficient number of the Progressive votes which Roosevelt gained in 1912.

It seems a small thing," this newspaper continues, "but yet it may indicate a new epoch in American political life. The Progressive movement arose entirely independently of foreign politics. Many Progressives voted given to Wilson are given with the mental reservation that they will not go again to a Democratic candidate unless Wilson confirms the faith of the Progressives by consolidating what is still only tentative. If he does that he will have established himself as the ablest statesman since Lincoln, and he may be destined to play a part in the achievement of peace which will give him a place in world history."

Japanese Are Pleased.

TOKYO, Nov. 11.—The reelection of President Wilson is welcomed by the Japanese press, which praises his peaceful disposition and believes his continuation in office augurs well for the furtherance of American-Japanese friendship. Business circles are pleased, as they favor a Republican protective tariff, which would be a blow to Japanese exports to America.

\$1,000,000 PAID IN ELECTION WAGERS

Hughes Backers Are Forced to Concede, in Writing, Wilson Victory.

Election bets amounting to \$1,000,000 were paid yesterday in the Wall Street district and in uptown hotels and cafes. In each instance the loser conceded, in writing, that his wager had been lost. The majority of bets made on the Broad street curb continued unpaid. Stakeholders hold that it would be unwise for them to pay off until the Republican National Committee or its candidate acknowledges defeat. In several instances where wagers were made through curb houses by two brokers both the winners and losers have applied in writing to the stakeholder for payment of the bet. In such cases the money has been turned over. There is still a large sum of money, however, in the downtown banks to the credit of stakeholders.

Brokers were of the opinion that the last cloud of doubt as to who has been elected will disappear over Sunday. If such is the case announcement will be made Monday morning on the curb by betting commissioners that all wagers will be paid during the day.

HUGHES CHEERED IN THEATRE.

Ovation Also for Late Candidate's Wife, Who Bows from Box.

Mr. and Mrs. Charles E. Hughes, accompanied by their son and daughter, were loudly cheered last night at the Hudson Theatre between the acts of "Hollyanna." Mr. Hughes appeared to be in no need of learning the lesson of the play to find something to be glad about in everything, for he was in a cheerful mood even when he first took his seat in a box.

At the end of the first act some one in the audience who recognized him began to applaud loudly and a wave of handclapping and cheering swept through the house. Mr. Hughes stood up and bowed with a smile, but shook his head when several persons shouted "Speech!" At the end of the second act the cheering and clapping was continued, but this time Mr. Hughes motioned to Mrs. Hughes to rise, and she received an even greater ovation.

CARLSTROM, HURT, TALKS OF TRIPLANE

Aviator Forgets Injuries in Enthusiasm for 200 Mile an Hour Machine.

Victor Carlstrom, aviator, was taken to St. Luke's Hospital yesterday with injuries which caused him excruciating pain. Nevertheless he talked confidently of making a New York to New Orleans flight this week in his new record-breaking "triplane," which he says will do better than 200 miles an hour and will make

the airplanes they are using abroad appear slow in comparison.

Carlstrom last Monday fell 400 feet into Lake Erie near Buffalo, where he was testing out Curtiss seaplanes for the use of France and England. Something went wrong with the machine. It turned over on its side and Carlstrom, feeling himself from the plane, fell into the water on his right side. He was stunned and painfully injured. He was taken to a hospital in Buffalo, but insisted yesterday on coming to New York in his private car, on which he placed his triplane.

On arriving here he went to the Hotel Manhattan, but his injuries caused him so much pain that Dr. Fellows Davis and Dr. William Downes advised his removal to a hospital. He went reluctantly. A careful examination will be made today to determine if he has been hurt internally.

While he was lying in a private ward word was brought to him that he had been awarded the Curtiss Marine Flying

Trophy for 1916 and a prize of \$1,000 for a flight he made August 25 between Newport News and Fisherman's Island, near Cape Charles. Carlstrom was mystified as he had not known that this flight was being observed by Aero Club officials. He was only testing a new machine, he explained. He flew 614 miles in 8 hours and 41 minutes. He much preferred last night to talk of his wonderful new triplane than of his accident at Buffalo. He thought he could average 200 miles an hour in the machine, which is largely his own invention, and that he could make 215 miles an hour for a short period. The new craft has been completed only two weeks. For its size, it will be the most powerful aeroplane ever designed or built. Carlstrom intended starting from Governors Island next Wednesday for his flight to New Orleans. The doctors say he may and may not. Carlstrom proposes to make the 1,350 miles without a stop, and if he is successful it will be the longest non-stop flight ever made.
